Office Coffee Service

Discussing business over a cup of coffee is a courtesy often neglected in today's busy world. Very often today, someone has to leave the office to pick up for the gang at work.

At Colonial, we make it easy for you to provide hot, delicious, in-house coffee for everyone's convenience and pleasure. Our serviceman will visit to assess your needs, provide you with equipment and maintain the brewer on a regular basis. All you have to do is pick your favourite blend. And there are many to choose from!

One benefit of choosing Colonial over another coffee service is that what you enjoy at your favourite restaurant or café can be yours in the office. Hot chocolate, cappuccino mixes, teas and flavoring syrups are all at your disposal. Of course, Colonial can also provide you with sugar, creamer and even cups!
